PROFILE

Motivated Full-stack Developer skilled in creating dynamic web applications. Proficient in both front-end and back-end technologies, focused on user-friendly designs and efficient solutions. Committed to continuous learning and adapting to industry trends to deliver high-quality applications.

WORK EXPERIENCE

GRAPSIGN DESIGNS INDIA

JANUARY 2024 - DECEMBER 2024

WEB DEVELOPER (Remote)

- Develop and design responsive, user-friendly websites tailored to client needs.
- Collaborate with the design team to integrate graphics and web functionality seamlessly.
- Debug and optimize web applications to improve performance and user experience.
- Stay informed about the latest web development trends and incorporate best practices into projects.
- Deliver high-quality work within deadlines, demonstrating strong problem-solving skills and attention to detail.

PROJECTS

Social Media Application

- Technologies:** Spring Boot, JWT, MySQL, React.js
- Description:** Created a full-stack social media platform with user profiles, posts, likes/comments, and follow/unfollow features. Utilized JWT for secure authentication and MySQL for data storage.
- Key Skills:** Full-stack development, user authentication, RESTful APIs, front-end/back-end integration, security best practices.

E-commerce Application

- Technologies:** Spring Boot, JWT, MySQL, React.js
- Description:** Developed a secure e-commerce platform with product listings, shopping carts, order management, and JWT user authentication; integrated back-end with MySQL.
- Key Skills:** E-commerce development, secure authentication, database integration, RESTful API development, front-end development.

Real-Time Chat App

- Technologies:** WebSocket, Spring Boot, React.js
- Description:** Created a real-time chat app for instant messaging, utilizing WebSockets for communication and user authentication for security.
- Key Skills:** Real-time communication, WebSocket integration, front-end development, user authentication.
